Dear Beloved Saints,

Our greetings to you the elders, deacons, preachers, and all saint at Shackle Island Church of Christ TENN USA and also to all your beloved one in the exalted name of our Lord Saviour Jesus Christ. Also with thanks and Glory to Almighty God in our prayer to you in your support for the Gospel of our Lord Jesus and Encouragement for me and my wife Rebecca and our grand son also your support in our WBS follow up work, been provided to us to preach the true Gospel of our Lord Jesus in Oro township and other town and villages like Ijomu, Iludun Oro, Agbeola, Ibba-Village, Ita Elewa in our W.B.S. follow up work. In this we distributed World Bible Lesson to each town in their Secondary School and NCE too so I have collected the lesson posted to me namely on letter from James Croker and Cliff Bagger from West Side Church of Christ OK USA, it has been posted to the concern I received your good letter to me and the Church concerning what I have written to you and you made mention you my activities in working with W.B.S. and the School I received and other greeting card from the sisters at Shackle Island Church of Christ I greet all the sisters and the Church here in Oro I thank you Greatly and Glory be to God I was informed and invited to Abakaliki in Akwaibom State by brother Patrick the Preacher at Bashita in Kwara State I wrote back by my G-mail David4JESUS@gmail.com by number 08059224174 Akinola 2014 that/this is my g-mail letter to you by now being transferred to Akwa Igbo State but I was unable to attend the seminal because of lack of money to travel i.e. no money to travel now that I am settled in my mind am now putting it in my report that the Church said now Church had now destroying so thereby the little contribution we are having and out of the money you are sending to my we have giving out twenty-five thousand (25,000) to purchase block about two hundred (200) in number in support the block account so as to start the building we need to do that urgently because we are now in raining session so we need more effort because people are talking bad of the building so the student are diminished, the student of James Croker and king's Land Lake Church of and other in the town were taking about the bad condition of the building Brother Akindele Knows about and the town that is why I took out of my salary to purchase block it cannot complete it on lease we purchase more about one thousand (1,000) blocks roofing pan and some other things like cement so we still need more effort to continue the building that the Church of Christ will not closed but continue to reign. •

In my previous letter I said two brethren were baptized male and female the fact is that Okoli's wife had delivered twins baby male and female since they have believed in the Church of Christ in Oro they were so much trouble by their parents this is because they are from Roman Catholic Church and the husband and wife rejected to go to Roman catholic again and then the man said he can not go to Roman Catholic because about of their worship and some other things Okoli reveled and he said he will not be with them so he pack into the house that am leaving Oro himself and his wife children twins is a tog of war I beg his father but the father says except he go back to the Church Roman Catholic. Greetings to all brother and sister with the love of Christ with your good effort for the Lord, I pray for your good health more life, and abundant of God blessing more increases to His Kingdom both here and there Nigeria & U.S.A. Thanks a lot.

Yours in his kingdom

David Akinola
(Minister)
