Dear Shackle Island Church of Christ

Training preachers and the next generation of church leaders is the KEY to CONTINUED CHURCH GROWTH. Thank you for your help in this endeavor of \$100.00 on April 8, 2019. Because of good people like yourselves, who are dedicated to growing the church in this generation, we are able to continue training church leaders for the next generation!

NCBC will soon have a government visit to see how the school is progressing. We are trying to make the necessary updates to the classrooms that are required, like proper lighting, enough tables and chairs for each student, classroom white boards, etc. As NCBC continues to grow (**over 120 students now!**), you can see the need for updated classrooms with appropriate tools in the classroom. We thank God for the many new students at NCBC!

Until all have heard,

**Chad Wagner**
