

To The Family

Thank You

Last month was the last three weeks of the second quarter and I had my finals at the end of the quarter. I pass all the finals that I had with a 100. The third quarter has started on the 1st of February and all is going well. The class that I have are the books of 1st & 2nd Thessalonians & Philemon, Proverbs, and Exodus. I am taking notes in class to help me remember and when the time comes for me to teach a Bible class on these books. The more that I study the better I can focus and get the assignments done before it even due on whatever week I must turn it in. I will have my grades to send to you Lord willing soon for I have yet to receive my grade card for the first and second quarter.

Phase 2 of 4 for the studio is complete. It took one year to build all that was in the studio. We are happy to inform you that soon there will be videos of different topics of the Bible. Phase 3 of 4 is to redo the lights to have a better set up. If able to help send support to the school for this work so the school can start with phase 3 of 4. If you are wanting to know what the studio looks like it is posted on the Facebook for the school of preaching. A Lot of time has gone into this work. A funny story is when working on one of the sets we did so well that people keep thinking we put up a real brick wall in the studio. Which it was just brick paneling and some morder to filling the cracks. I do ask that if you are not able to send support for this work to keep this work in your prayers.

I will write more to you when the times comes for the quarter has just begun and there are a lot of things to do in the next 10 weeks for this quarter. I ask that you keep me in your prayers as I go to school and that I will be able to understand what I am being taught and that I am able to go out and teach other about the word of God to bring them to Christ. Again, I say thank for the support for without it I am not able to do much and I am grateful for the help you have given me so far.

In Christian Love
