October 12, 2021

Beloved in Christ,

I pray that you and yours are well. I wanted to take this opportunity to give you a brief update on the work of training preachers and church leaders in Africa for 2021 and a few ideas for 2022.

LOOKING BACK

Through your partnership, we've been able to replace the entire roof of the Peden Dormitory. This roof was in dire need of replacement! In fact, through your efforts *and* the efforts of the Nigerians on their side, they were able to raise and save enough money for the project to replace the windows, repaint, and change the doors (from termite-prone wood doors to long-term metal doors). Thank you!

Last year, we saw a record number of students at both schools – over 200 students! We are grateful to be used by the Lord in this manner to continue to train the next generation of church leaders in Africa.

LOOKING FORWARD

The African Christian Schools Board of Trustees has met and has finalized our projects for the upcoming year. These projects will only enhance our ability to provide quality Christian education in Africa for our over 200 Bible and ministry students. We ask that you prayerfully consider each of these projects for your year-end planning.

Having over 200 Bible and ministry students is a great opportunity given by God! However, it is also a financial challenge. It costs \$1,800 to train one student for the entire year. Please consider partnering with African Christian Schools to **train 1** (or more!) students for this upcoming year. Thank you, again, for your past and continued partnership.

Until all have heard,

Chad Wagner
