

Dear Brethren

March 31, 2022

Finals have come upon us, and we are now finished with the Spring quarter. With the Summer quarter coming up I will have four classes with two study periods. Once this school year finishes and the new school year comes for 2022-2023, I will be graduating the 2nd year program in 2023. After I am finished with my 2nd year my plan for the future is to take the 3rd year program and I will be graduating in June 2025.

The work that I have at the Church of Christ at Fall Branch is going well. In a few months we will be doing a door knocking in our area to let people know about us and to see if they have any prayer request that we can pray for them to show them that we care for their well-being. I do ask for prayers for this mission we have for the church here in Fall Branch.

The lectureship for school is going to take place soon being less than three months away. More information will be given on the lectureship once we receive more about it at a later time.

Thank you for the support you have given me. I continue to ask for prayers that I will do well as a student and preacher of God's word.

In Christian Love
