Dear Shackle Island Church Of Christ

Greetings from the Tri-Cities School of Preaching and Christian Development. On behalf of the elders of the Stoney Creek church of Christ, the instructors, staff, and students thank you for making another school year possible for the TCSOP&CD. The school exists to challenge the status quo of our godless culture, changing lives now and for eternity. We do this by **Training Workers for the Kingdom** who will spread the gospel to a lost world. With that in mind, our number one priority is to glorify Christ and His church. To that end, we offer classes for full-time students, part-time students, Christian Development classes in the evening, and International Distance Learning.

We have just begun the first quarter of the 2023-2024 school year. We have eight full-time students, five part-time day students, approximately twenty-five Christian Development students in the evening classes, and ten English-speaking students enrolled in the International Distance Learning students.

There is a great need for well-grounded preachers, elders, deacons, and women who will become godly teachers of women and children and wives of preachers, elders, and deacons. We are thankful for your dedication and willingness to assist in this great work.

Respectfully,

Bill Haywood
